WHEREAS

God was Firm by the Grace of God of the United Kingdom of Great Britain and Ireland, and of the British Dominions beyond the Seas, King Defender of the Faith, Emperor of India. Be it known that His Majesty Our Beloved Sovereign Queen Victoria by a Warrant, dated the 22nd day of April, 1901, did institute, constitute and create a Decoration designated "The Royal Red Cross" to be awarded in recognition of special services rendered in serving the sick and wounded of Our Army and Navy and did make, ordain and establish certain rules and ordinances for the Government of the same, which rules and ordinances were subsequently amended by Royal Warrants, dated the 11th day of December, 1907, the 11th day of July, 1909, and the 8th day of September, 1917:

And whereas it is Our Royal Will and Pleasure that further provision shall be made for recognition of such special services rendered in serving the sick and wounded of Our Army and Navy:

Now therefore we do hereby declare that the rules and ordinances heretofore in force for the Government of the said Decoration shall be abrogated, amended and amended, and we are pleased to make, ordain and establish the following rules and ordinances in substitution for the same, which shall from henceforth be carefully observed and kept:—

The reverse shall have inscribed on the arms thereof the words Faith, Hope, Charity and the date of the institution of the original Decoration, and shall bear in the centre in relief the Royal and Imperial Cipher and Crown.

Secondly: The Cross in either class shall be attached to a dark blue ribbon edged with red and worn in width, tied in a bow and worn on the left shoulder.

Thirdly: The Decoration may be worn by the Queen Regent, the Queen Consort, or the Queen Dowager of the United Kingdom of Great Britain and Ireland; and it shall be competent for Us, Our Heirs and Successors, to confer the Decoration upon any of the Princesses of the Royal Family of Great Britain and Ireland; also upon the Queens or Princesses of Foreign Countries who may have specially exerted themselves in providing for the nursing of the sick and wounded of Foreign Armies and Navies.

Fourthly: It shall be competent for Us, Our Heirs and Successors, to confer either Class of this Decoration upon any members of the Nursing Services without restriction as to rank, or upon other persons engaged in nursing duties whether subjects or foreign persons, who may be recommended to Us, Our Heirs and Successors, by the Secretary of State for War or by the First Lord of the Admiralty, or the same may be, for special distinction and recognition when they may have displayed in their nursing duties with Our Army in the Field, as in Our Naval and Military Services.

Fifthly: The number of awards in the First Class of the Decoration shall not exceed two per cent of the total establishment of Nurses; and the number of awards in the Second Class of the Decoration shall not exceed five per cent of the total establishment of Nurses, the allocations to be proportionate to the numbers of such Nursing Services provided certificates that it shall be competent for Us, Our Heirs and Successors to make such allocations, under exceptional circumstances, We may deem fitting.

Gdansk, September 11, 1918.

It has been brought to the notice of Government that electric wiring at present carried out in this Presidency is frequently unsatisfactory and is consequently a source of danger to the premises concerned. With a view to enable the public to secure for such work the services of qualified men, the Government have decided to institute an examination for the grant of certificates of competency to electric wiremen.

2. The rules for the conduct of the examination are printed below. The Government trust that this scheme will meet with the co-operation of the public, and that only certificated men will be employed in future.

3. All vacancies for electric wiremen in the service of Government will from May 1919 be filled only by candidates possessing certificates of competency.

Rules for grant of Certificate of Competency to Electric Wiremen.

I.—BOARD OF EXAMINERS.

1. The Board of Examiners shall consist of the Electric Inspector to Government, who will be President and three other members, who will be appointed from time to time by the Government in the Public Works Department on the nomination of the Electric Inspector.

2. The members so appointed above shall receive such fees as Government may, from time to time, approve.

3. The President of the Board of Examiners shall endorse on the printed application of each candidate the result of his examination for a certificate of competency and shall send to the Electric Inspector the applications so endorsed.

II.—EXAMINATION.

4. Examinations shall be held in the City of Madras twice a year in May and in November. The first examination shall be held in May 1919, and the date of examination shall be notified in the Port St. George Gazette.

5. Every examination shall be attended by one or more candidates or clerks from the office of the Electric Inspector to Government, as approved by him, and they shall do such work as may be necessary.

III.—ADMISSION OF CANDIDATE TO THE EXAMINATION.

A.—General.

6. A candidate for examination for a certificate of competency shall pay a fee of Rs. 5.

7. A candidate who appears for examination and fails will, in no case, be entitled to a return of any portion of the fee paid by him, but the fee paid by a candidate, who is not admitted to examination, will be returned to him in full on application, provided that, in the case of a candidate being unsuccessful about any examination for which he has paid a fee, it shall be in the discretion of the President of the Board of Examiners to allow him to appear at any examination held within one year of the first examination without a second payment of fee.

8. Any candidate who appears for the first time and fails to pass the examination may appear at the next subsequent examination without payment of a further fee, subject to the provisions of rule 17. For every further examination at which he may be permitted to appear he shall be charged half the fee prescribed in rule 6.

9. Every applicant for examination shall make an application in the form shown in Appendix A. He shall duly fill in all the parts of the said form which are to be filled in by a candidate, and shall sign the same in the presence of his employer or a recognized trier-payer paying taxes to the amount of not less than Rs. 24 per annum who shall append his signature in token of attestation. The applicant shall then lodge his application at the office of the Electric Inspector not later than twenty-one days before the date fixed for the examination, together with—

- (a) all testimonials of good character, sobriety and conduct, and copies of the same;
- (b) any other papers required by these rules or the printed form of application;
- (c) a receipt from a Government Treasury for the amount of the fee prescribed in rule 6;
- (d) a letter declaring in what language he desires to be examined; and
- (e) the previous certificate, if any, issued to the applicant under these rules.

B.—Testimonials.

10. No applicant will be admitted to examination whose testimonials as to sobriety and conduct are not, in the opinion of the Electric Inspector, trustworthy and satisfactory.

11. If the Electric Inspector has reason to doubt the truth of any statement in any application or testimonials, he shall make such inquiries as he may think fit, and may report the result, if necessary, to the President of the Board of Examiners.

12. The application and copies of the testimonials referred to in rule 9 shall, before the date of examination, be forwarded by the Electric Inspector to the President of the Board of Examiners with any report necessary under rule 11. The original testimonials shall be filed in the office of the Electric Inspector and shall, after the close of each examination, be returned to the candidate who presented them if he applies for the same.

C.—TYPING OF CANDIDATES.

13. No candidate for certificate of competency will be admitted to examination unless he (a) proves, to the satisfaction of the Electric Inspector that, previous to his application, he has been two years employed as Electric wiring or (b) produces satisfactory certificates stating that he has completed a course in the workshop of a recognized college or institute and during that period has been constantly instructed in electric wiring work.

IV.—SUBJECTS OF EXAMINATION.

14. To be entitled to a certificate of competency, a candidate must satisfy the examiners that

(a) he fully understands the installation and maintenance of electric wiring and the separate use of all such apparatus and machinery as are commonly met with in electric installations;

(b) he can locate and repair break-downs in electric wiring and in all such apparatus and machinery as are commonly met with in electric installations.

V.—MODE OF EXAMINATION.

15. Every examination shall be of such a nature as to test the practical knowledge of the candidate and to ascertain his competency.

16. The examination will be conducted *vis-à-vis* and will be held, if possible, in a place where the candidate's knowledge can be practically tested.

17. When a candidate for a certificate fails to satisfy the Board of Examiners as required by these rules, the Board shall fix a period, after the expiry of which he may again appear for examination and shall inform him thereof; and the candidate shall not be at liberty to appear again for the examination until after the expiry of the period so fixed.

VI.—RULES FOR THE EXAMINATION BOOK.

18. A candidate discovered (a) to have taken into the examination room any book, paper, document or memorandum of any description, or (b) copying from or affording, giving or receiving any assistance or information to and from, or communicating in any way with another candidate during the time of examination, shall be regarded as having failed in his examination and will be barred back for six months; and so part of the fees he may have paid for examination will be returned to him.

19. If a candidate leaves the room before answering any question which has been given to him, he must afterwards be permitted to answer it, but the examiner may substitute other data, or another question.

VII.—FORFEITURE OF GRANT OF CERTIFICATE IN CERTAIN CASES.

20. (1) If, after a candidate has passed his examination, it is discovered that his services are insufficient to entitle him to a certificate for which he has passed, such certificate will not be granted to him; but if the Electric Inspector is satisfied that the error in the calculation of his services did not occur through any fault or wilful misrepresentation on the candidate's part, the President of the Board of Examiners may direct the certificate to be issued, or may allow the candidate to appear for re-examination without payment of further fee, when he has performed the deficient service.

(2) In such a case, when the applicant has by further service made up the time in which he was found to be deficient, he may be required, before he can receive the certificate, to be re-examined in all the subjects.

VIII.—FORM OF CERTIFICATE.

21. Certificates of competency shall be in the form given in Appendix II, or to the like effect.

22. An application for a duplicate of a certificate granted under these rules should be in writing and submitted to the Electric Inspector together with a declaration of the loss of the original certificate and with such other documents as the applicant may produce in proof of the loss.

23. A duplicate of every certificate granted under these rules shall be recorded in the office of the Electric Inspector, Madras.

IX.—MISAPPROPRIATION OF HOLDERS OF CERTIFICATE.

24. If, on inquiry, any person holding any certificate granted under the above rules is found guilty of negligence when on duty, the Electric Inspector shall report the same to Government and the certificate shall be altogether cancelled or suspended for such period as Government may by written notification determine.
